

Suttle Stone Quarries - Environmental Policy

The senior management of the business are to demonstrate leadership on environmental management by ensuring our commitment to minimise our impact on the environment in all areas of work and endeavour to make a positive contribution to the environment.

We are committed to fulfilling our share of the need to achieve net zero by 2050.

To these ends we will:

- prevent pollution,
- measure the use of energy, water and other resources,
- measure and reduce greenhouse gas emissions and set relevant targets,
- minimise waste by reduction, re-use and recycling methods,
- comply with all relevant environmental legislation and embrace best practice,
- communicate with and respond to the needs and concerns of the local community and their environment,
- promote responsibility for the environment within the organisation and communicate and implement this policy at all levels within the workforce,

This policy and associated procedures shall be formally reviewed annually or as a result of changes in legislation, scope or performance.
